Hi Josh and Shereen – Attached is the Riverside Community Involvement Plan in graphic view! The text is identical to the approved text from last week, so the importance of this submittal is to give us your opinion/suggestions on layout and presentation and your first impression as you turn the pages. After you have time to view the CIP, let's set up a conference call next week to discuss the layout.

It is best if you view the file in "double page" so that you can see the spreads and how the document will look as you turn the pages. In the ribbon in Adobe, go to View – then Page Display in the drop down menu – then Two Page View in the drop down menu – in this second last drop down menu, make sure that the option "Show cover Page in Two Page View" is marked to separate out the cover.

Regarding the Time Line on Page 11, please see the email that I sent to you on Thursday. It contains the wording approved by Will Reilly for our use in the CIP. Once I hear back from you, we will replace the Time Line.

On Page 12, we were envisioning a side-bar that summarizes the Preferred Alternative. By placing this information in a side-bar outside the main text, it will be easy for us to update the CIP after the ROD is signed to change the information in the side-bar from the preferred alternative to the selected remedy.

Regards  
AM
